HENRY C. WICK, III, A.B. Yale University Director

MR. HENRY WICK, the Director of Judson School, is one of the busiest persons on the campus; his great experience in handling students keeps the school running

smoothly.

After graduating from Yale University in 1934 and spending two years in business, Mr. Wick taught at Palo Verde Ranch School in Arizona until 1938 when he joined the Judson faculty. During World War II, he served as a Naval gun fire spotter with the armed forces in the Pacific area. The end of the war brought Mr. Wick back to Judson where he soon became the Director.

Extremely popular with everyone at Judson, Mr. Wick is the guiding spirit behind the success of the school. His helping hand is always extended, he is friend and

like a father to all the students.

DAVIS M. ASHLEY Harvard University Business Administrator

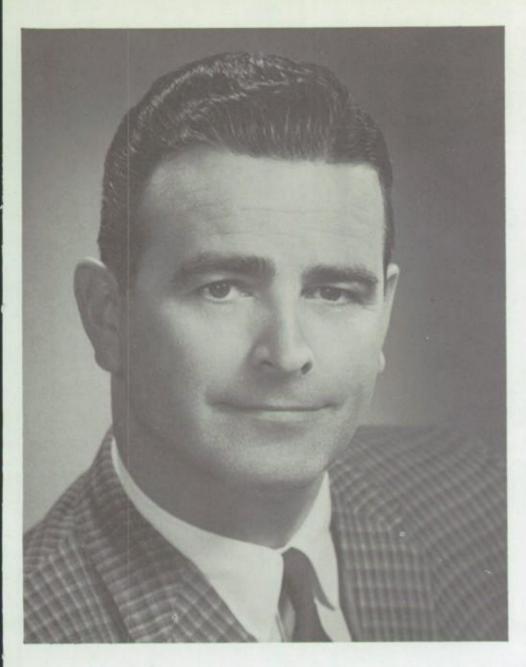

MR. DAVIS ASHLEY, the school's administrator, keeps the business affairs of Judson running smoothly through-

out the year.

Mr. Ashley attended Phillips Exeter Academy and Harvard College. He served in the Army for four years, and directly thereafter joined the Judson School, becoming a Co-director in 1952.

Mr. Ashley's interest in the problems of the students, his constant good humor and his patience have been and will continue to be a steadying influence at Judson.

DAVID WICK, B.S., M.Ed. University of Arizona Headmaster

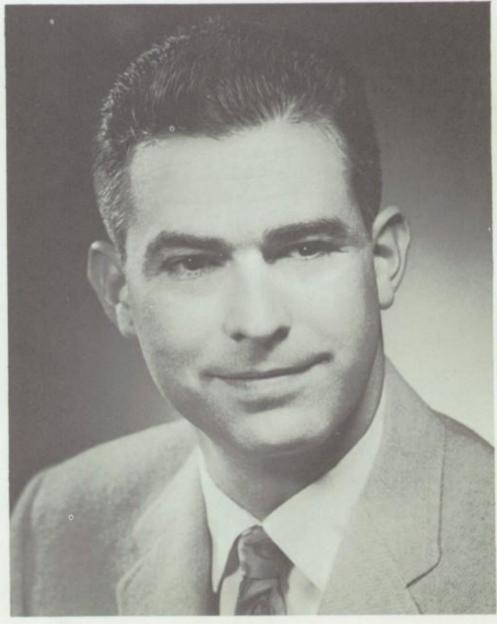

WITH A FLASHING SMILE that immediately makes him one of Dale Carnegie's prize missionaries of good will, a stalwart member of the Judson triumvirate directs the traffic of academic proceedings each day. No one can go through a year without meeting and knowing David Wick. He is a self-made magnet for students' personal predicaments and with a willing and sincere spirit, he finds a profound solution to the most complex situations.

Few people are familiar with his colorful past and present activities. After graduating with his B.S. in engineering at the University of Arizona, '43, he masterfully catapulted his way to the rank of captain in an armored cavalry unit which fought with the First Army in Europe. His military obligations ending with Military Government in Bavaria. Mr. Wick became a teacher of Science and Mathematics at Judson. During his teaching career, he obtained the much honored Master's Degree in Education, specializing in Secondary School Administration. In 1955 he assumed his present position of college adviser and Headmaster of Judson School.

WILLIAM O. WICK Arizona State University Campus Supervisor

THREADING HIS WAY each day through the maze of rushing students and white-faced buildings, a young man of thirty-five earnestly goes about his job of checking attendance and issuing discipline. Although the campus supervisor in many schools is a man of short temper and ill humor, Judson is fortunate in having a cheerful and enthusiastic member of the Wick clan.

Bill Wick is himself, a graduate of Judson School's educational system. His college education was interrupted by World War II. He volunteered his services for two years with the Marine Corps. After fulfilling his military duties, he completed his higher education at Arizona State University and joined the Judson faculty in 1957.

MRS. RUTH O. BRADLEY

TO HER whose love and labor for mankind are one with her profound faith in the Providence of God—who has combined the wisdom of leadership with the dignity of humility—we, the students of Judson School, respectfully dedicate this edition of the Cactus.

Foreign Languages

NOTHING IS more unique than the following rhyme and rhythm of musical foreign languages. The fluent and continuous usage of the languages shall develop international and social understanding among the students. Many teachers have not only had many years of teaching experience at Judson, but have also had extensive study abroad. The value of their knowledge and accomplishments have been greatly proven on achievement tests and later years of the students' college life.

Social Sciences

THE NEED to understand people is vital in many aspects of vocational success and personal happiness. This is one of the many discussions held frequently within the Psychology and Sociology classrooms. Over-population and the rise and fall of the stock market can be discussed and categorized in economic classes. A course in American Government and the development of our great nation; constitutional qualifications for the President and power of the courts further instruct the students of the embryo of our nation.

IN THE BUSY DAYS we lead here at Judson, it gives one a feeling of security to know that provisions have been made to meet every emergency and personal need that should occur. The staff of nurses devotes its time and effort to keep the students strong and healthy throughout the course of the school year. A clinic, with a doctor on duty, is held once a week for those requiring medical attention or examination. For students who need special attention, transportation is provided for doctors' appointments. Prescriptions are filled and medication is given as required.

THIS IS WHERE we learn our ABC's, to read, write and print: Count and begin to learn what it means to get along with others. Much time is devoted to each child whether he is in the classroom, on the play ground, singing or participating in one of the seasonal plays. Their teachers work with them to develop all fundamentals of learning and the opportunity of watching progress at work.

VITAMINS, PROTEINS, AND NUTRITION are adequately and well proportioned for every meal through expert planning and preparation. These are the people behind the scenes and it is because of them that there is always something to eat. Not only do they prepare food

for three meals a day, they also help out in many student affairs such as dances, dinners and other social functions. We owe them a most sincere vote of thanks for the fine job they have done this past year.

The Corral

IT TAKES quite a staff of experienced horsemen to run this all-around activity sufficiently. These qualified people teach the students proper care of animals, rigging gear, and above all, equitation in both English and Western riding. If one should ever stop to count the number of over-night and week-end pack trips, the picnics in the spring and fall of the year, one would realize how fortunate they are in participating in such a program as this. Being a member of the Roping Association, Judson also takes pride in its fine Roping teams.

The Lord is my shepherd; I shall not want.

He maketh me to lie down in green pastures; he leadeth me beside the still waters.

He restoreth my soul; he leadeth me in the paths of righteousness for his name's sake.

Yea, though I walk through the valley of the shadow of death, I will fear no evil; for thou art with me; thy rod and they staff they comfort me.

Thou preparest a table before me in the presence of mine enemies; thou anointest my head with oil; my cup runneth over.

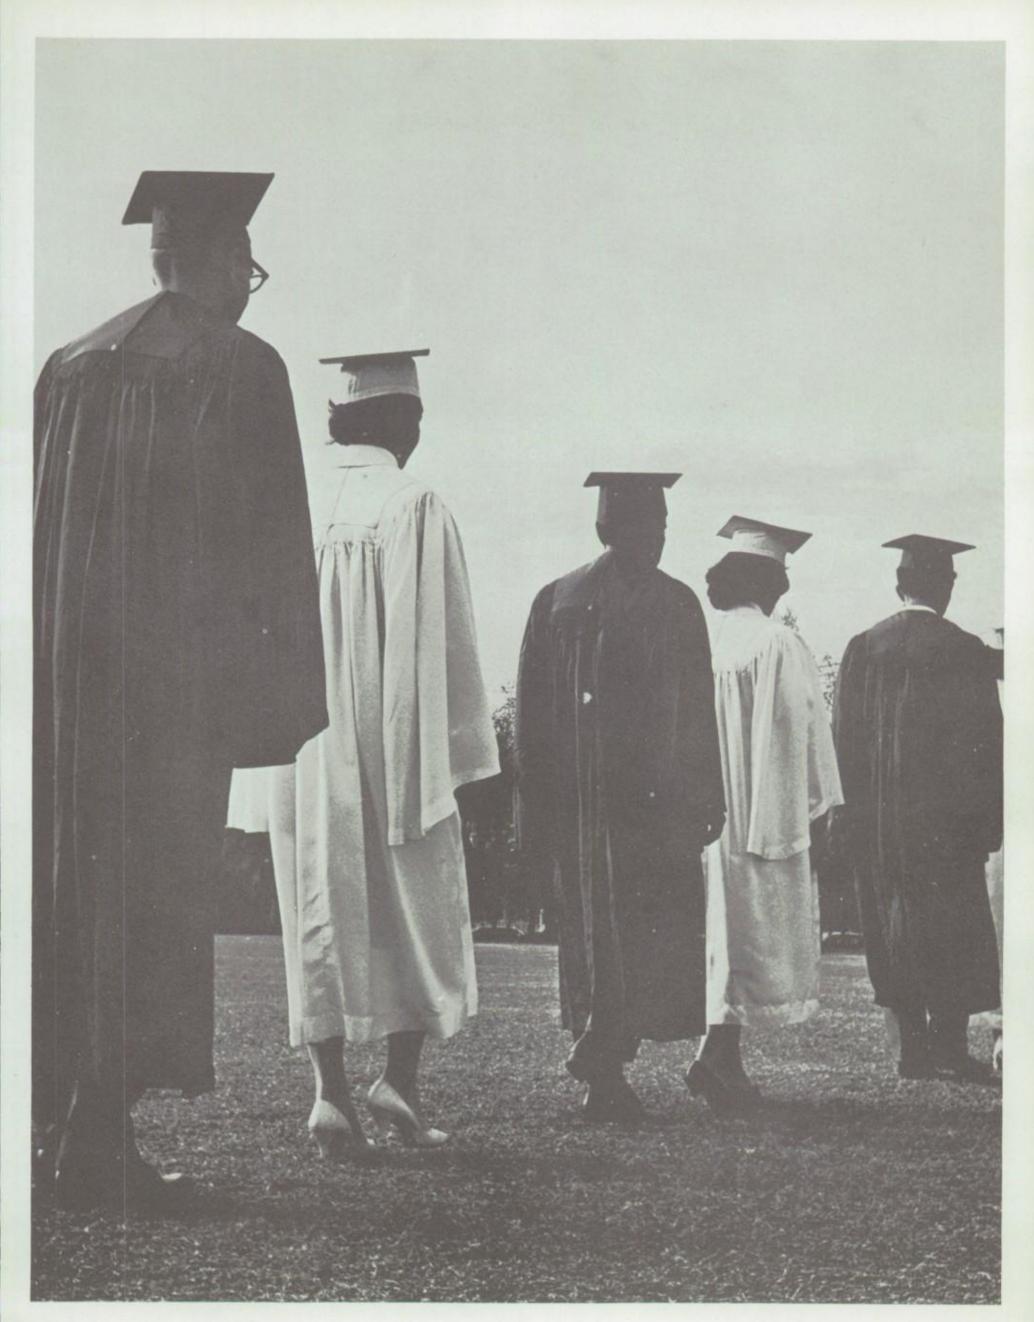

Surely goodness and mercy shall follow me all the days of my life; and I will dwell in the house of the Lord for ever.

Top Hands Take to Success

THE ACTIVE TOP HANDS of '62 neared their payday as graduation drew nigh. Diligent hands and minds came to a standstill in quiet recollection of all the strenuous nights of work and the more carefree, delightful moments of sitting down to chow or attending the dances.

Drives to Tucson and Tempe for Senior Days, boys in their tight-necked white shirts for senior pictures, Senior Ditch Day, the responsibility of the Student Council, and the numerous other activities performed by the ambitious top hands lingered sentimentally in their minds as they approached the end of four wonderful years.

So it was that the Class of '62 extended its hand and took into it the key to success, some hesitantly, some eagerly, and some carelessly – to do with it as they may.

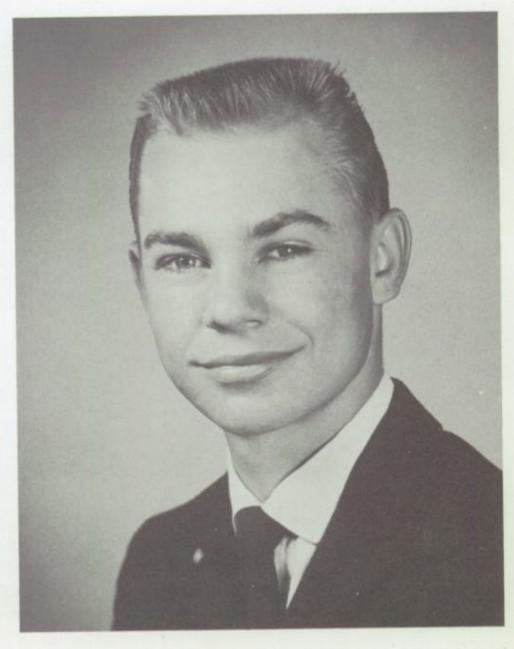

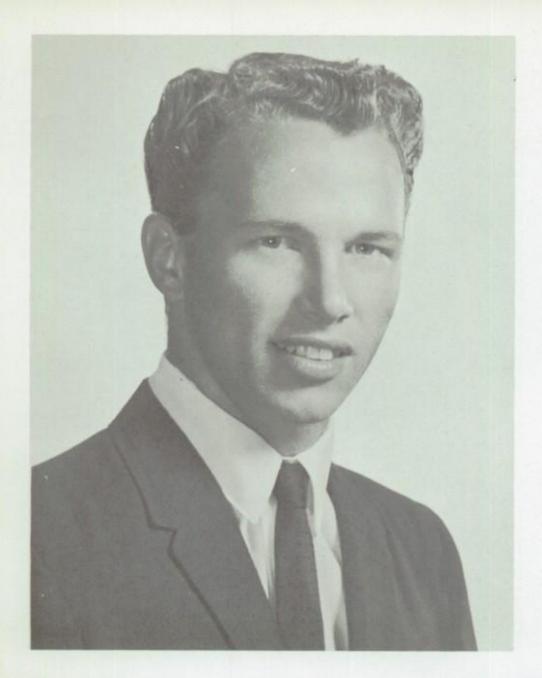

WILLIAM D. ADAMSON Slingerlands, New York

Hard Working Juniors Add Color

CALLOUSED HANDS from many hours of long hard work were characteristics of the juniors of 1961-62. It was nothing unusual for them to ride watch on a pile of books and papers late at night and then get up early enough to see the sun rise to begin studies again. It was not all work though. The active rangers thrived on responsibilities and activities which helped to make JUDSON more interesting and attractive to the rest of the hands.

Sugarfoot Sophomores Explore New Ranges

THE SOPHOMORES moved up from their tenderfeet days into the open spaces of new things to do. They found out that keeping up with such classes as biology, geometry, and Spanish required more study and less sleep. But it wasn't always just studying that kept them busy. Hard workers all, they found time to attend the dances and ball games, to cheer their fellow classmates on to victory.

Tenderfeet Learn About Judson

BREAKING IN the Tenderfeet to the ways of JUDSON was a difficult but amusing job. It was a year of fascinating variations and exciting experiences for the green horns. Becoming familiar with the beaten path from room to room was a little rough at first, but after a few embarrassing moments they learned to follow the crowd. With all the clubs and extra-curricular activities provided to occupy the Tenderfeet, they soon became a part of JUDSON.

AFTER THE TURN of the century there was a rapid growth of attendance in schools all over the country. With this growth there was added to the curriculum many outside or extracurricular activities, which helped to give the student a well-rounded education. Gradually, however, these extracurricular activities seemed to be taking the spotlight while scholarship was given a back seat. Students weren't interested in studying anymore. There was no honor or recognition given to those who did. In 1919, at a principals meeting in Chicago, a certain principal brought this problem to the attention of the convention. The result was that two years later the National Honor Society was formed.

THIS YEAR the Christmas Dance was a howling success. 300 students gathered into the auditorium to do some of the intricate footwork they had been practicing secretly in their dorms. Poetry was recited by Jackie Michelson and songs were sung by the coral that had formed about a week before the dance. The night's festivities came to a climax when Sue Logan was announced Queen of the Ball.

YEARLY each class elects those members which it has chosen to represent it in Judson School's Student Council. Their goal is to achieve a more efficient student government, and better faculty-student relations by trying to make the desire to have a clean and well run school come from the student body itself. With these goals always foremost they are continuously bringing the requests of both the faculty and the students before the Council.

The Student Council then elects among itself those whom they believe will be their most willful and able leaders. It is these few who maintain the organization and effective order of the Council. Without their dedicated work and unselfish service the Student Council could never approach the achievement of their goals.

Softball

THIS SEASON the Jr. High boy's, with a sound defense to back up a good hitting attack, should have their best season in years. The team schedule lists 6 games, two of which will be played on the Judson diamond.

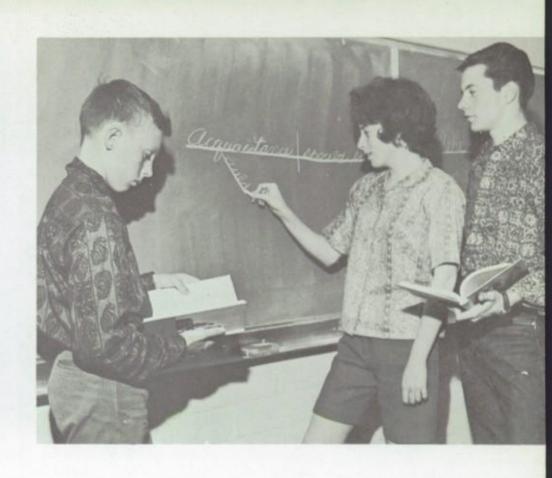

Football

THE FOOTBALL TEAM, playing a rugged brand of touch football, ended the season with a .500 record. The highlight was a 13-6 victory over their rival Loloma, a game in which four of our touchdowns were called back.

Basketball

THE BASKETBALL BOYS, despite three lopsided defeats early in the season showed determination and considerable ability in their encounter with Chandler Jr. High. The outcome was in doubt until the last second, when we missed a layup that would have given us the victory.

Judson Wallops Maricopa Team; Norm Bell Stars

Judson School, led by the run-the other point. ning of quarterback Norm Bell, rolled over Maricopa yesterday cited the defensive work of Bob

two touchdowns on runs of 70 and two yards before leaving the game with a leg injury.

He finished the night with 149 of Judson's 308 yards rushing. The Cougars also rolled up 75 yards on four passes.

Jay Morran passed to John Mc-Allister for the other touchdown and Frank Cook tackled a Maricopa player in the end zone for a safety. Dan Ruen converted once and his cousin Dan Ruen kicked

Judson coach Royce Youree 23-0 in Scottsdale Stadium.

Although he played only a quarter and a half, Bell scored

Stinson, Jim Wilkin, John Mc-Allister, Mark Melby, Jon Pepper, Dan Miller and Cook.

He had praised the offensive of Alrich, Dan Ruen and Morran, who filled in for the injured Bell.

Varsity Football

ONE OF THE HIGHLIGHTS of this year's sports program was the Cougar football squad. This year's edition was a fine team, combining explosive offensive power with an all but unsurmountable defense. The fine play of the team led many of the public school

coaches to say that we were one of the top teams played all year on their tough Class "B" schedule. The season was very successful and we are sure that it will never be forgotten.

Judson Scores Fourth Win

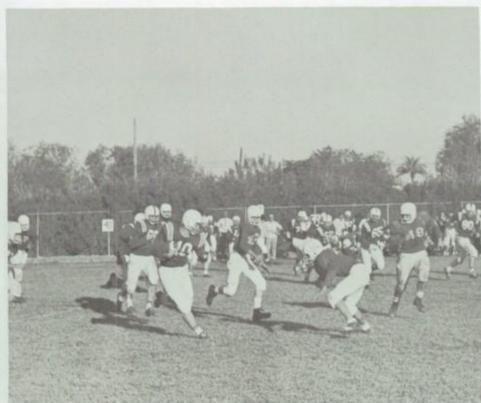

Judson School ended its season Saturday night with a 20-0 victory over St. John's Indians and wound up with a 4-1 record.

Coach Royce Youree's Judson squad was unscored upon in its last three games and during the five-game season outscored opponents 115 to 26.

Judsen touchdowns against St. John's were scored by Jim Wilkin (2-yard run, Rick Rueen (10-yard) run) and John MacAllister (86yard pass-run play with quarterback Jay Morran throwing). Morran pased for 111 yards on 6 of 12 attempts. Outstanding on defense was Jim Wilkin.

FRONT ROW - Norman Bell, Richard Hall, Tim Ruen, Terry Walker. SECOND ROW - Dan Barclay, Manager; Jay Morran, Rick Ruen, Dan Ruen, Richard Edesa, Bob Stimson, John Thulin, John Simms, Manager. THIRD ROW — Frank Cook, Asa Teeter, George Alrich, Richard Black, Dennis Jordan, Pete Haentjens, Richard Riepe. BACK ROW — Coach Youree, Jim Wilkin, John MacAllister, Bob Messinger, Mark Melby, Fred Richards, Don Miller, Ben Southland, Coach Paoletti.

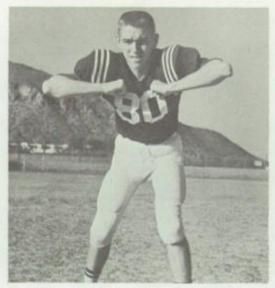

THE STATISTICS PROVE the ability and versatility of the team. We scored 115 points to our opponents 26; had 1,454 net yards gained to the oppositions' 480. To stand behind the success of the defensive unit is the fact that we were not scored upon in the final three games of the season. Norm Bell, Dan Ruen, and Rick Ruen were the leading ground-gainers for the Cougars while Jim Wilkin and John MacAllister led the defensive boys.

Varsity Basketball

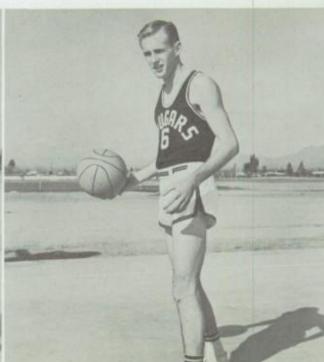

THE COUGAR BASKETBALL SQUAD got off to a very poor start this year and at one time had a 0-5 record. However, due to their renewed desire and team effort—won 3 of their last 4 games to wind up with a 3-6 win, loss combination. It is always best to be going strong at the end of the season. It seemed the Cougar basketeers just started to find themselves mid-way through the year. To battle back when things look bleak is a sign of a good ball club. Judson did just that in completing their respectable record after such a slow start.

IN SPITE OF the loss of the top seven players from last year, Judson's tennis team has proved itself to be hard-working, hard-fighting, and victorious. THIS YEAR'S TRACK TEAM has come a long way since the beginning of the season. The first few meets were primarily to gain experience, but the remainder of the competition is against schools of similar size. The team has great potential and excellent depth. All the boys work hard and the improvement has been noticeable. Under the able coaching of Mr. Morris, the boys will undoubtedly turn in an excellent season.

THE JUDSON SCHOOL baseball team is enjoying its finest season. They remain undefeated half way through the season with a swift defense and timely hitting. Their pitching staff is stronger than it has ever been. Players that have shown they know how to play under pressure and deserve honorable mention are as follows: Jim Wilkin who is just coming up to his fine hitting potential and has always been a spearhead on defense, Jeff Van Wagenen, a great young hitter and a steady first baseman. Bob Messinger who is supplying the team with a steady stream of strikes from the mound and has a 3-0 record to his credit, John MacAllister who has proved he can get hits when we need them plus a host of other steady ballplayers make up the capsule report on our Judson baseball team this spring.

BACK ROW — Dan McBerty, Rick Ringling, Bob Weise, Dan Sturm, Jim Davidson, Charles Reid, Alex Corbin, Al Smith, Geoff Chadwick, Jack Roth.

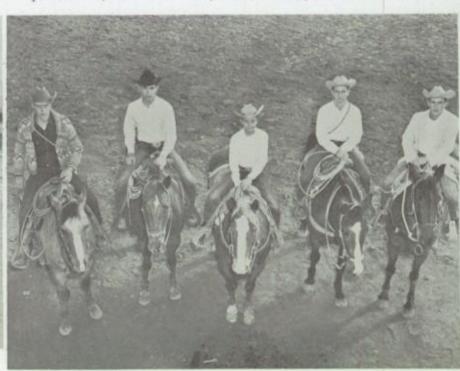

Dan McBerty catches one lengthwise!

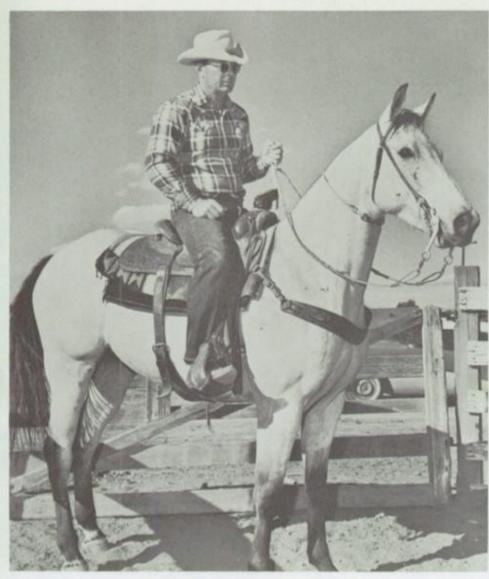

THIS YEAR was a successful one for the Roping Association. They had a good turnout of 32 members. During the year, the Association had several invitational roping matches with many of the top ropers from the Scottsdale area. These matches were for practice and also for the helpful hints given by the opponents.

Roping Association Officers-John Kieckhefer, Dan Oppenheimer, Holland Duell, Marcel Gros, Fred Vordermeier.

Holland Duell bears down on his catch.

OUR COACH, Del Powell

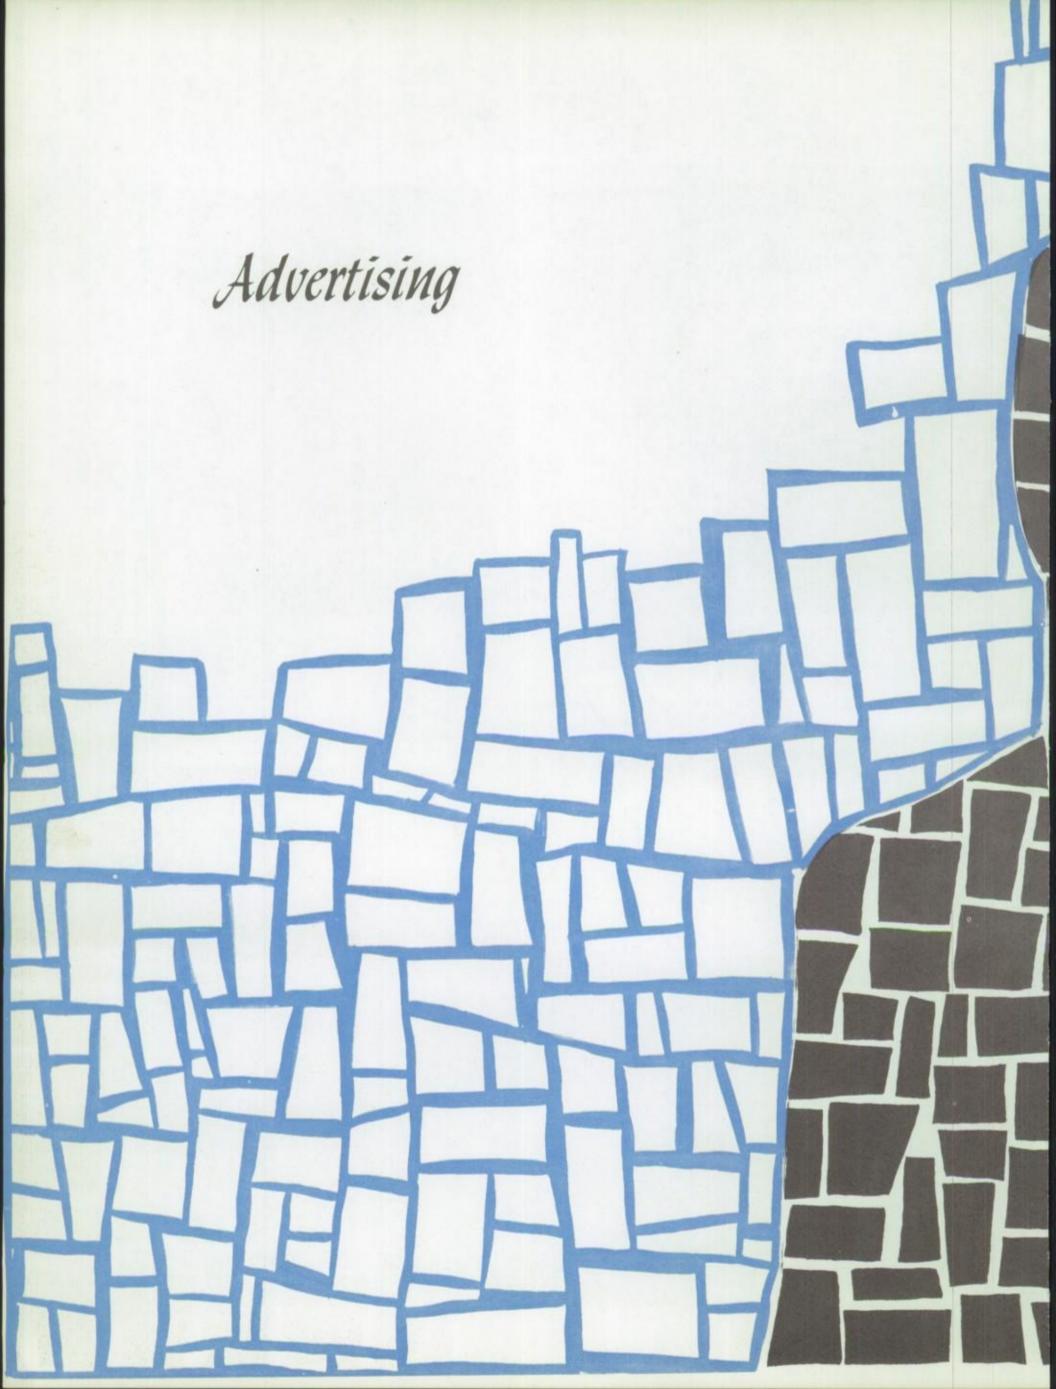

THE THREE BEST—Marcel Gros, Fred Vordermeier, Dan McBerty
